

## Coronavirus – Wherwell Help Line

Wherwell Parish Council has arranged a help line for Wherwell residents.

Please call 01264 860060 or e-mail [wherwell@scirum.co.uk](mailto:wherwell@scirum.co.uk) in the following cases:

- If you would like to register on our 'people at risk register'

We would particularly encourage those over 65 and any others who either live on their own or have underlying health issues, e.g. asthma, heart disease, cancer, etc. to do so.

We will make sure that in case of a further deterioration of the situation we will check on those on the risk register on a regular basis.

- If you cannot arrange your shopping/deliveries via the Internet or you have any other issues as a result of self-isolation or sickness, please call and we will try and help.

If you would like to volunteer to help others in our community, e.g. check on others in isolation or go shopping for them, please e-mail: [wherwell@scirum.co.uk](mailto:wherwell@scirum.co.uk)

- Please note that particularly those over the age of 65 and those with underlying health issues are most at risk.
- Please wash your hands often and with soap for at least 20 seconds, sneeze and cough into a tissue and bin it afterwards
- Please keep a social distance of about 1m when meeting with others.

DO NOT go to the GP or the hospital but call 111 for health advice.

The above phone number is a company number (Scirum Ltd) but is monitored 24/7, so please leave a message if no-one answers. Alternatively, you can call 01264 861031 if your concern is urgent.
